

# Sunday Comparatively Quiet in Flanders and North of France

to envelop the Russians on both flanks. This is indicated by the fact that there is fighting near Iow, north of Lodz, and at Piotrkow, to the south. Both places are in advance of the positions at which the Germans previously have been reported in their second invasion of Poland and, like Lodz, they are on the main roads to the Polish capital.

## RUSSIAN SUCCESS DENIED BY GERMANS

There is no news from South Poland beyond a German denial of a reported Russian success at Czenstochowa. The capture of an advance position at Przemysl is regarded as conferring a valuable advantage on the Russians in their attack on the fortress. Leaving this city to the attentions of the besieging armies, the Russians are pushing in small bodies steadily across the plains of Lublin, and fugitives are said to be pouring toward Budapest.

In the face of the Austrian advance in Serbia there has been talk of the removal of the capital from Nish to Mitrovica, but it is doubtful that this step actually has been taken.

The allies continue to push forward in Flanders. In Northern France, but the Germans explain they are giving ground for tactical and strategic reasons. The advance, as far as Flanders is concerned, seems to have checked on the outskirts of Langemark.

There has been a renewal of hard fighting in the Argonne district, where the French claim progress. On the whole, however, in these siege operations, successes and reverses only mean a gain or loss of a few hundred yards and a slight readjustment of positions.

Seemingly more important is the unofficial statement that the French have seriously interfered with the German communications between Metz and the Wever district in France, for here, as elsewhere, command of the roads is of the greatest importance.

It was announced officially to-night that during his visit to France, King George conferred the Order of Merit on Field Marshal Sir John French, and also pinned the Victoria Cross on the first Indian soldier to win that decoration.

## TURKISH CRUISER HITS MINE; CONSIDERABLY DAMAGED

PETROGRAD, December 6.—The Turkish cruiser Hamidieh struck a mine and returned to Constantinople considerably damaged, according to the Russian Official News Agency's Constantinople advices.

These advices say also Russian warships have sunk six Turkish sailing vessels, which were carrying war supplies.

## EVACUATION OF VERNELLES ADMITTED BY GERMANS

BERLIN, December 6 (by wireless to London, 8:30 P. M.).—The German official statement to-night of the evacuation of Vernelles, southeast of Bethune, was officially announced in a statement issued here to-day. The statement says:

"Vernelles was evacuated by us according to our plan on account of the continuous French artillery fire, which was causing unnecessary loss. The buildings, which remained standing, were taken up by German troops. Occupied positions prepared east of Vernelles, so that the enemy could not follow in this direction.

Southwest of Altkirch the French renewed their attacks with renewed vigour, but without success, and they suffered heavy loss."

## AUSTRIANS REPULSED; IS CLAIM OF SERBIANS

NISH (via London), December 6 (by wireless to London, 8:30 P. M.).—The Serbian War Office issues the following official statement: "On the whole front the Serbian army's success is reported. Everywhere the Austrians have been repulsed. We have captured two generals, sixteen officers, 2,400 men and a large quantity of booty. On one of our fronts we captured from the enemy four complete batteries."

## KING NICHOLAS REPORTS THIRD OF ARMY FALLEN

PETROGRAD, December 6 (via London, 8:20 P. M.).—King Nicholas, of Montenegro, has telegraphed the Bosphorus Gazette, that a third of his army has fallen in action. "Nevertheless," King Nicholas adds in his message: "Montenegro will continue to defend their country, and defend the Balkans against the enemy. Their means are exhausted, and they will be most grateful for assistance either in money or supplies."

## PROGRESSING FAVORABLY FOR TEUTON ALLIES

LIENNA (via London), December 6 (by wireless to London, 8:15 P. M.).—The following official communication was issued to-night: "There is nothing to report." The following official communication was given out after noon: "In Belgium on December 5, not far from the Hasseur house, the capture of which was reported yesterday (referred to in yesterday's statement as that of the German army), our heavy artillery destroyed a German field fort. The enemy made a vain attempt to recapture Weldenreft."

On the rest of the northern front there has been absolute calm.

"It was calm also in the region of the Aisne.

In the Champagne district, our very active heavy artillery successfully counteracted the batteries of the adversary.

In the Argonne, the war of the sapper was pursued. We continued to prosecute slowly, repulsing all the enemy's attacks.

Slight progress was likewise made in the region southeast of Varennes. The German artillery there has been silenced.

On the remainder of the front there has been no notable occurrence to report."

## GERMANS CLAIM SUCCESS IN VICINITY OF CZENSTOCHOWA

BERLIN, December 6 (by wireless to London, 10:25 A. M.).—The following official statement from the German general headquarters was given out to-day: "The report given in the Russian statement of November 29 to the effect that the German attacks in the vicinity of Czenstochowa failed, with many

## SAVED FROM STARVATION BY RELIEF FROM AMERICA

Every citizen of United States in Liege is heartily indebted to the American relief committee by Belgium.

ROTTERDAM, HOLLAND, December 6 (via London, 5:35 P. M.).—"For the past fortnight American food has saved us from starvation," was the statement to-day of a Belgian committee distributing American relief shipments in Liege Province.

"All our grain was exhausted," he said, "because it was requisitioned by the German army. Except for a small supply of meat and a meagre quantity of bread we had nothing."

"The Americans have saved us from starvation," is the cry on every lip. Every American seen in Liege was hailed as a benefactor. Whenever an automobile carrying an American flag passes in the streets the people take off their hats.

"Seventeen thousand tons of wheat have been received in Liege, and 55,000 people are being supplied with nearly a half pound each daily. It is not a great quantity for a grown man, but it is saving us from starvation. Rich and poor receive the same amount. Our supply of bread is running out already. We are eating potato flour with the wheat, and by this means we can last another three or four days, by which time we are praying more American wheat will arrive."

"We need 200 tons of wheat daily. The only other food we are able to distribute is less than a quart of soup daily, with a tiny quantity of meat occasionally. Distribution is difficult, because the Germans commandeered our means of transport. In offering our means of transport to the American people, we pray them to allow their generosity to continue, for without them we should have starved and without them we must starve."

## NEW RESERVE CURRENCY SPURNED AS COUNTERFEIT

COUNTRY PRODUCE DEALERS DON'T LIKE APPEARANCE OF NOTES WITH "LUSITANIA" DESIGN.

WASHINGTON, December 6.—The new Federal Reserve currency, which is just beginning to get into circulation, has not received a cordial welcome at the hands of market makers according to reports which various merchants have made to various bank officials.

The new notes, which are declared by officials of the Bureau of Engraving and Printing to be the most artistic ever printed by this government, have looked upon with grave suspicion when they first appeared at the Centre Market place, where a large number of country produce dealers are wont to do business.

"They don't look exactly right," is the way one man expressed his opinion of the new notes.

"They look too much like counterfeit money," remarked another. "If I guess I'll stick to the old kind that I know about."

The suspicion with which the new notes have been looked upon is not to be traced to the design. The new currency does not differ in the least from the old currency in the design of the surface of the banknotes and certificates which have been in circulation in recent years.

Many people declare the new notes are printed on paper that is lighter in color than that formerly used, but Director Ralph of the Bureau of Engraving and Printing says the weight is the same.

The fear of the market people that a fine supply of counterfeiters was being circulated have been allayed, and they are accepting the new notes at the rate of 100 cents on the dollar and giving them in the same manner.

## IRELAND NOT DERELICT IN DUTY, REDMOND SAYS

Declares There Are From 130,000 to 140,000 Irishmen Serving With Colors at Present Time.

LONDON, December 6 (8:10 P. M.).—Speaking at a great demonstration at Tuam, Ireland, to-day, John E. Redmond, Irish Nationalist leader, replied to statements that Ireland was not doing her duty in the present crisis. He quoted official statistics, showing that there were serving with the military forces of the crown on November 30, 89,000 Irishmen, who had been in the army before the war began, or who had joined as reservists or recruits.

If to that were added tens of thousands of Irish recruits joining the colors in Great Britain over in the ranks of the Canadian, Australian or New Zealand contingents, he said, it was safe to say that from 130,000 to 140,000 Irishmen were with the colors.

Redmond declared that 55,000 of the 89,000 Irishmen in the home army were Catholics. He said that 10,112 Irish volunteers had gone to the colors from Belfast, while in the same city the Nationalist volunteers represented only a quarter of the population had contributed 3,513 men. This, he believed, was only the beginning of what Ireland would do.

Mr. Redmond said those who opposed the peace treaty between the Nationalists and democracy of England, must be divided into "separatists, Socialists, or common or garden cranks," but that they were not and never had been home rulers. When the constitutional movement was brought to a triumphant end, and Ireland had her own Parliament, they would disappear he declared.

## GOEBEN BADLY DAMAGED IN RECENT SEA FIGHT

Struck by Fifteen Russian Shells and 128 Members of Her Crew Killed.

PARIS, December 6 (2:25 P. M.).—A Havas dispatch from Athens says the cruiser Goeben, purchased by Turkey from Germany, is undergoing repairs of heavy damage suffered in the battle with a Russian fleet in the Black Sea recently. The Goeben was struck by fifteen shells, which are said to have killed 128 members of her crew and to have destroyed a turret, smokestack and one engine.

The Goeben's sailors who were killed, it is said, were buried in the garden residence at Therapia, a village eight miles northeast of Constantinople on the Bosphorus. Two-thirds of the Goeben's crew were said to be Germans, and the remainder Austrians.

The Goeben was reported in a Petrograd dispatch on November 19, as badly damaged in the battle the preceding day between a division of the Russian Black Sea fleet and the Goeben and Breslau.

It was said a series of explosions were seen in the hull of the Goeben, which opened fire slowly. After the attack had continued for forty minutes, the Goeben was reported to have been drawn and disappeared in a fog. The Russian losses were given as thirty-three men killed and twenty-five wounded.

A Berlin dispatch, November 27, said the Goeben lost only eleven men, and that the ship was struck by only one shot.

## SUIT FOR \$10,000 DAMAGES BEING HEARD AT RUSTBURG

LYNCHBURG, VA., December 6.—The suit of the personal representative of Raymond Vaughan, against the Southern Railway Company, for damages in the recovery of \$10,000, was just outside of the city when the train ran down his automobile and he was killed.

The accident took place at a much used crossing, and since that time the railway company has erected an electric bell to warn persons of the approach of trains from both directions.

Both destroyed. ARE SAFE IN PORT. The vessel was reported aground near Ocean City, Md., by the destroyer Terry or Perkins, bound from Newport, R. I., to Charleston, S. C., were dispatched to-night by advices to the Navy Department from Norfolk reporting the safe arrival of both those vessels at that port.

## NUMBER INCREASES

These cases the hospital of hundreds of others, and the number is likely to increase rather than to diminish. The Associated Charities has not enough funds with which to meet the demand, and so a city-wide appeal is being made. An offer of employment was made yesterday, through The Times-Dispatch, by L. A. Moore, manager of the DuPont powder works at City Point.

Board of directors, which has twelve or fifteen millwrights, men accustomed to using tools, and to a few helpers and a few day laborers. The company is constructing some new buildings for the plant, and the work will last from two to four months. Those who wish to obtain employment with Mr. Moore may communicate with him directly, or through The Times-Dispatch.

E. L. Taylor, of E. L. Taylor & Co., Incorporated, 1415 East Main Street, in an interview yesterday suggested that a club composed of members who will contribute a dollar each, and who as long as it is needed, be formed for the relief of the unemployed. The money, he says, could be loaned to those who are in need, and be paid back in small instalments, but always bringing the loan which would never be paid back, and the fund would become permanent.

Those who are out of employment, when they are out of employment, are out of employment.

## SUPERVISE RELIEF
